UK HEALTH AND SAFETY STRATEGY

HELPING GREAT BRITAIN WORK WELL 2016

- **Fundamentals**
 - Strong and visible leadership;
 - Collaboration and partnership, including genuine worker engagement;
 - Directors, managers, supervisors and workers having the competence to identify and control the risks created by their work activities;
 - Having public confidence in the safe running of high-hazard industries.

**Helping
Great Britain
work well**

UK HEALTH AND SAFETY STRATEGY

Six Themes

- Acting together
- Tackling ill health
- Managing risk well
- Supporting small employers
- Keeping pace with change
- Sharing our success

Health and Work strategy and plans

- Work-related stress
 - The second most commonly reported cause of occupational ill health in Great Britain, accounting for 37% of all work-related ill-health cases, and 45% of all working days lost due to ill health.
- Musculoskeletal disorders
 - The most common reported cause of occupational ill health in Great Britain, accounting for 41% of all work-related ill-health cases and 34% of all working days lost due to ill health.
- Occupational lung disease
 - It continues to lead to an estimated 12 000 deaths each year.
