

IOSH Construction Group

Three Year Strategy Overview

Providing clear,
consistent health and
safety information to
support IOSH, the
Construction Group
and wider industry

IOSH Construction Group Mission Statement

- ▶ Mission Statement

- ▶ Providing clear, consistent health and safety information to support IOSH, the Construction Group and wider industry

- ▶ Vision Statement

- ▶ To be recognised as a professional resource for industry expertise and provision of information, guidance and support for all issues related to construction health, safety and wellbeing.

Our Direction for the Next Three Years

- Forge mutually beneficial relationships with like-minded organisations
- Be open and inclusive in sharing information between the Group and other bodies who it's members represent
- Support SMEs with practical information

- Share knowledge and support members on key topics of interest
- Produce reference materials which enable members to increase their competence and capability
- Promote positive public perceptions of health and safety

- Empower the Construction Group wider membership by providing clear, concise information and support
- Work with the wider membership to deliver information on relevant topics
- Enable sharing of knowledge and learning
