

CPI 2017 Biennial Health and Safety Conference 'Bringing Industry Together' 20/21 June | Chesford Grange Hotel, Kenilworth

Bringing together CEOs, operational and HR managers, supervisors, process engineers, H&S practitioners and safety representatives working in the Paper Industry

Tuesday 20 June – half-day

'Bringing Industry Together'

A series of seminars will cover a range of issues that affect our industry including amongst other topics, opportunities and challenges for Paper Packaging, Secondary Material Markets, Water Resilience, and Reducing Fire Risks.

Networking BBQ

An informal BBQ will be held on the evening of Tuesday 20 June for a chance to unwind and catch up with colleagues.

Wednesday 21 June

'Putting HEALTH into Safety'

Sessions will include presentations on a variety of topics within process safety, sharing good practices, health and wellbeing and regulatory issues including the sentencing guidelines.

We look forward to seeing you at this year's conference.

Key Speakers include:

Annita Westenbroek
Director Innovations,
Royal Association of
Dutch Paper and
Board Industries

Paul Vanston
CEO, INCPEN

Simon Ellin
CEO, Recycling
Association

Dame Carol Black
Principal of Newnham
College, Cambridge

Susan Gee
Employee Health &
Wellbeing Manager,
Yorkshire Water

Dr Megan Reitz
Professor of
Leadership and
Dialogue, Ashridge
Education

BBQ and Networking

18.30-19.30	Drinks Reception
19.30-21.30	BBQ and Networking

An informal BBQ will be held in the gardens of Chesford Grange (weather permitting*).

Delegates who are on Conference Package Options 1 or 3 can unwind and catch up with colleagues in a relaxed and informal setting.

*food will be served inside in the case of wet weather

Half-Day | Tuesday 20 June 2017 Bringing Industry Together

Programme

11.30-12.45	Registration, Lunch and Exhibition
12.45-12.55	Conference Introduction
12.55-13.35	Keynote Address: Overcoming Barriers to Innovation Annita Westenbroek , Director Innovations, Royal Association of Dutch Paper and Board Industries
13.40-15.10	Pre-booked Seminars Session 1. Delegates will need to pre-book the seminar they would like to attend. See P3.

Seminar 1	Future Opportunities and Challenges for Paper Packaging
Seminar 2	Brexit and its Impact on Secondary Materials Markets
Seminar 3	Water Resilience: From Scarcity to Abundance
Seminar 4	Energy Use Options and the Impact on Investments

15.10-15.40	Coffee Break and Exhibition
15.40-17.15	Pre-booked Seminars Session 2. Delegates will need to pre-book the seminar they would like to attend. See page 4.

Seminar 5	Food Contact and Product Safety
Seminar 6	Where Now for Raw Material Quality?
Seminar 7	How to Comply with your Environmental Permit
Seminar 8	Reducing Fire Risks

17.15-17.30	Closing Address Andrew Large , Director General, Confederation of Paper Industries
-------------	---

Half-Day | Tuesday 20 June 2017

Bringing Industry Together

Seminar Details

Session 1 13.40-15.10

Choose either Seminar 1, 2, 3 or 4 for Session 1

Seminar 1: Future Opportunities and Challenges for Paper Packaging

Paul Vanston, CEO, INCPEN

Paul takes over at the helm of INCPEN in June. He brings a fresh viewpoint on the future for the UK packaging supply chain and the threats and opportunities that face the sector post-Brexit.

Neil Osment, Director, NOA Limited

Drawing on new market research that will be published this summer, Neil will talk about Internet and New Generation Retailing and future perspectives on corrugated demand.

Jo Griffiths, Packaging Technical Manager, BRC Global Standards

Jo will provide delegates with an update on version 5 of the Standard for Packaging, address matters specific to paper packaging, and comment on the future of BRC Standards in general.

OPEN FORUM: 30 minute panel discussion

Seminar 2: Brexit and its Impact on Secondary Materials Markets

Dr Colette Wrigglesworth, Head of Defra's Producer Responsibility unit

With so much going on post-Brexit, Colette will cover Defra's position on the 25-year environment plan, BEIS 'Industrial Strategy' and the latest on the circular economy.

Phil Conran, Chair of Advisory Committee on Packaging

In his capacity as Chair of the ACP, Phil will talk about future options for producer responsibility in the UK.

Simon Ellin, CEO, Recycling Association

With an ever increasing dependency on export trade, Simon will discuss the challenges facing recovered fibre export markets.

OPEN FORUM: 30 minute panel discussion

Seminar 3: Water Resilience: Scarcity to Abundance

Henry Leveson-Gower, Head of Abstraction, Defra

With future water scarcity predicted, Government is committed to linking abstraction limits to availability. In this opening session, Henry will talk about reforming regulatory regime for freshwater Abstraction to do just that, and what this will mean for the UK Paper Industry.

David Lomax, Senior Environmental Engineer, SCA

Learning from Experience: Mill Case Study
From scarcity to abundance. In this session, David will share SCA's experience and learnings from a recent significant flooding event.

Spence Seaman, Senior Advisor (Paper, Pulp & Textiles), Environment Agency

Relaunching the Climate Change Adaptation Guidance, Spence will talk, in an open forum, about the how the Guidance has been updated with recent learnings along with the importance and value gained from its use.

OPEN FORUM: 30 minute panel discussion

Seminar 4: Energy Use Options and the Impact on Investments

Arjan Geveke, Assistant Director Energy Policy, BEIS

Arjan will outline the energy policy context for paper mills to consider as part of the Decarbonisation Roadmap 2050.

**Barry Read, Chief Executive, PITA
Annita Westenbroek, Director Innovations,
Royal Association of Dutch Paper and Board Industries**

In a joint presentation, Barry and Annita will talk about the technical opportunities /innovations available to meet some of the challenges facing the industry.

Lowri Evans, Low Carbon Psychologist, Rumm/nPower, Business Solutions

A consistent theme throughout the 2050 roadmap is 'Behavioural change' as part of an energy efficiency program. This presentation will explain how through using a Carbon Psychology approach, significant savings can be made by introducing behavioural change interventions.

OPEN FORUM: 30 minute panel discussion

Optional Half-Day | Tuesday 20 June 2017

Bringing Industry Together

Seminar Details

Session 2 15.40-17.15

Choose either Seminar 5, 6, 7 or 8 for Session 2

Seminar 5: Food Contact and Product Safety

Richard Burden, Food Contact Materials, Food Standards Agency

Come and hear a commentary from the UK regulatory authority on food contact; Richard will present the FSA opinion on the current developments in legislation.

**Jori Ringman, Sustainability Director, CEPI
Krassimira Kazashka, Technical Director, FEFCO**

With a potential impact for the industry, Jori and Krassimira will cover the important changes that are coming in 2017 with the Commission's recommendation on monitoring of mineral oil hydrocarbons. The session will also highlight the EU Commission proposal on Printed Food Contact Material and the potential development of specific legislation on paper and board in food contact.

OPEN FORUM: 30 minute panel discussion

Seminar 6: Where Now for Raw Material Quality?

Linda Crichton, Director, WRAP

In this session, Linda will talk about the initiatives that WRAP is undertaking to drive recycling consistency.

Russell Owens, Head of Collaborative Change Programme, Welsh Government

Russell will present an overview of the Welsh approach to Recycling.

Ray Georgeson, CEO, Resource Association

In the final session of the day, Ray will address the importance of working together to optimise the secondary material supply chain.

OPEN FORUM: 30 minute panel discussion

Seminar 7: How to Comply with your Environmental Permit

Spence Seaman, Senior Advisor (Paper, Pulp & Textiles), Environment Agency

With most mill permits now revised, embedding the BREF Requirements, Spence will discuss the current regulatory approach to ensuring mills are working to BAT (Best Available Techniques) and BAT AELs (BAT Associated Emission Values) are met by the compliance deadline of 2018.

Matt Smyth, Associate Technical Director, Aqua Enviro

With considerable experience in the waste water sector, Aqua Enviro will explain how paper mills can get the best out of their effluent treatment plants to help meeting BAT AELs.

Dave Bliss, Environment Agency EU Exit Team

With the UK leaving the EU, what are the implications for environmental regulation and specifically the implications for the next BREF revision scheduled for 2022 - post-Brexit?

OPEN FORUM: 30 minute panel discussion

Seminar 8: Reducing Fire Risks

Speaker TBC

Incidents of waste industry fires continues to be in the news. This session will look at the Environment Agency Fire Prevention Plan (FPP) Guidance, and will discuss what 'permitted sites' are required to do.

**Jonathan Reynolds, Regional SHEQ Coach, Biffa UK
Dave Clements, Partnership and Strategic Inspections Manager, Hampshire Fire Primary Authority**

How a Primary Authority partnership has been used to assist one company with dealing with the other regulatory agencies on fire prevention.

OPEN FORUM: 30 minute panel discussion

Wednesday 21 June 2017

Putting HEALTH into Safety

Programme

08.00-09.15	Registration and Exhibition										
08.00-09.00	Sponsor Breakfast Sessions										
09.15-09.25	Conference Introduction Andrew Braund, Director of Health and Safety, Confederation of Paper Industries										
09.25-10.00	Keynote Address: Health and Wellbeing Dame Carol Black, Principal of Newnham College, Cambridge										
10.00-10.30	Employee Wellbeing and Managing Long Term Sickness - The Business Case Susan Gee, Employee Health & Wellbeing Manager, Yorkshire Water										
10.30-11.00	Coffee Break and Exhibition										
11.00-11.30	Pre-booked Sessions										
13.15-14.25	There will be 17 sessions based on the five themes below. Delegates will need to pre-book the sessions they would like to attend. See pages 6 and 7.										
	<table border="1"> <tr> <td>Sessions 1, 5, 9, 14</td> <td>Safe by Design, Safe to Use</td> </tr> <tr> <td>Sessions 2, 6, 10, 15</td> <td>Health and Wellbeing</td> </tr> <tr> <td>Sessions 3, 7, 11, 16</td> <td>Sharing Good Practices</td> </tr> <tr> <td>Sessions 4, 8, 12, 17</td> <td>Legal and Reputation</td> </tr> <tr> <td>Session 13 Double Session</td> <td>Legionella</td> </tr> </table>	Sessions 1, 5, 9, 14	Safe by Design, Safe to Use	Sessions 2, 6, 10, 15	Health and Wellbeing	Sessions 3, 7, 11, 16	Sharing Good Practices	Sessions 4, 8, 12, 17	Legal and Reputation	Session 13 Double Session	Legionella
Sessions 1, 5, 9, 14	Safe by Design, Safe to Use										
Sessions 2, 6, 10, 15	Health and Wellbeing										
Sessions 3, 7, 11, 16	Sharing Good Practices										
Sessions 4, 8, 12, 17	Legal and Reputation										
Session 13 Double Session	Legionella										
12.15-13.15	Lunch and Exhibition										
13.15-14.25	Pre-booked Sessions See above										
14.25-14.45	Coffee Break and Exhibition										
14.45-15.30	Plenary Session: Pay Attention. Mindful Leadership in a Complex World Dr Megan Reitz, Professor of Leadership and Dialogue, Ashridge Education										
15.30-15.45	Closing Address Andrew Large, Director General, Confederation of Paper Industries										
15.45	Conference Close Andrew Braund, Director of Health and Safety, Confederation of Paper Industries										

Wednesday 21 June 2017

Putting HEALTH into Safety

Session Details

Delegates are requested to choose one session for each time slot.

Time: 11.00-11.30

Safe by Design, Safe to Use	Health and Wellbeing	Sharing Good Practices	Legal and Reputation
Session 1 HSE's Role in Product Safety	Session 2 Work-Related Stress	Session 3 The Truth Behind Fork Lift Safety	Session 4 Sentencing Guidelines: where do we go from here?
Pete Lennon, HSE Safety Unit Engagement & Policy Directorate Pete will open this session with an overview of HSE's role in ensuring that the design, and manufacture of goods coming into the UK are safe and compliant.	Peter Kelly, Senior Psychologist, HSE In line with HSE's new strategy for health and safety 'Helping Great Britain work well' This presentation sets out HSE's targeted health priority for reducing the number of cases of work-related stress.	Peter Harvey MBE, Chief Executive, Fork Lift Truck Association Automation is viewed by many as offering a genuine opportunity to reduce fork lift related accidents by removing humans from the handling equation. However, for many SMEs, it will be impractical and unattainable. Instead management has got to up its game if we are to reverse the trend of rising fork lift truck accidents. Peter will examine these issues and discuss the tools you need to rise to the challenge.	Roy Tozer, Partner, Shoosmiths LLP With the introduction of the sentencing guidelines in 2016, there has been a significant increase in the level of fines, and the number of Directors who have been prosecuted. Roy will give an overview of some of the more notable cases to date and the key lessons that businesses can take away.

Time: 11.40-12.10

Safe by Design, Safe to Use	Health and Wellbeing	Sharing Good Practices	Legal and Reputation
Session 5 Essential Guide to Buying and Modifying Machinery	Session 6 Healthy Workplaces Manage Stress	Session 7 The Journey	Session 8 Damage Limitation
Dave Bromme, Certified Machinery Safety Expert Purchasing the right machine and knowing what should be in place before you buy will save you money. In this session, Dave will cover the essential guide to 'buying and modifying machinery'.	Susan Gee, Employee Health & Wellbeing Manager, Yorkshire Water Building on the previous presentation, Susan will talk about how Yorkshire Water is raising awareness about the growing problem with stress, and the positive impact it is having on the business.	Danny Martland, SHE Director, BAE Systems BAE Systems is a global defence, aerospace and security company. In this session, Danny will talk about how BAE manages multinational/multicultural attitudes and behaviours across different countries and the challenges faced along the way.	Brian Friar, Risk Engineering - Casualty Practice Operations Manager, Zurich Insurance Company Ltd As fines begin to increase, inevitably so do insurance premiums. This session will provide an overview of what businesses need to do to keep those premiums as low as possible.

Wednesday 21 June 2017

Putting HEALTH into Safety

Session Details

Delegates are requested to choose either one session for each time slot, or the Legionella double session which covers both time slots.

Time: 13.15-13.45

Time: 13.15-14.25

Safe by Design, Safe to Use	Health and Wellbeing	Sharing Good Practices	Legal and Reputation	Legionella
<p>Session 9</p> <p>Managing Contractors and Process Safety on a COMAH Site</p> <p>Joshua Rice, Head of Occupational Hygiene and Chemical Safety, Sellafield Limited</p> <p>How to manage contractors on safety critical tasks on a high hazard COMAH site.</p>	<p>Session 10</p> <p>Risk Assessment of Pushing and Pulling (RAPP) Tool</p> <p>Matthew Birtles, Principal Ergonomist, HSL</p> <p>'RAPP' for beginners. With the launch of the new HSE RAPP tool last year. Using practical examples, Matthew will explain how it can be used to help businesses identify high-risk pushing and pulling operations, which are common across the industry and check the effectiveness of any risk-reduction measures.</p>	<p>Session 11</p> <p>'Making Sense of Safety' to Improve Performance</p> <p>Dave Watson, Chief Operating Officer, James Cropper</p> <p>Aligning the HSE and PABIAC Strategies and incorporating both into a company action plan can seem difficult. In this session, David will talk about how they have combined both into a company action plan to deliver and create a safe and healthy workplace.</p>	<p>Session 12</p> <p>Sentencing Guidelines: where do we go from here?</p> <p>Roy Tozer, Partner, Shoosmiths LLP</p> <p>Repeat Session</p> <p>With the introduction of the sentencing guidelines in 2016, there has been a significant increase in the level of fines, and the number of Directors who have been prosecuted. Roy will give an overview of some of the more notable cases to date and the key lessons that businesses can take away.</p>	<p>Session 13</p> <p>PABIAC Legionella Guidance: Managing the Hazard, Controlling the Risk</p> <p>Samantha Lord, Specialist Occupational Hygienist, HSE</p> <p>Please note this is a double session that will run from 13.15-14.25.</p> <p>In 2015 HSL carried out research into 'The microbiology of paper mill process water' in relation to legionella. At the same time, an industry led working group commenced work on producing industry specific PABIAC guidance for controlling.</p>

Time: 13.55-14.25

Safe by Design, Safe to Use	Health and Wellbeing	Sharing Good Practices	Legal and Reputation	Legionella
<p>Session 14</p> <p>Reducing Fire and Explosion Hazards in the Paper Industry</p> <p>Luke Matchett, Process Safety Specialist, DEKRA Insight</p> <p>The Dangerous Substances and Explosive Atmospheres Regulations 2002 (DSEAR) require employers to control the risks to safety from fire, explosions and substances corrosive to metals. This session will focus on the risk of paper dust in relation to explosive atmospheres.</p>	<p>Session 15</p> <p>Managing Health and Safety for Older Workers</p> <p>Carolyn Drake, Loughborough University</p> <p>Carolyn used to work in the Paper Industry and is fully aware of the industry's demographics. This presentation will describe management initiatives which can be applied to help engage, protect and promote the health and safety of older workers.</p>	<p>Session 16</p> <p>Visible H&S Leadership from an Informed and Intelligent Client</p> <p>Clive Johnson, Group Head of H&S Land Securities</p> <p>Land Securities is a FTSE 100 company and the largest Real Estate Investment Trust in the UK. Clive will share with delegates how they manage and maintain a leadership approach to health, safety and security across the organisation.</p>	<p>Session 17</p> <p>Damage Limitation</p> <p>Brian Friar, Risk Engineering - Casualty Practice Operations Manager, Zurich Insurance Company Ltd</p> <p>Repeat Session</p> <p>As fines begin to increase, inevitably so do insurance premiums. This session will provide an overview of what businesses need to do to keep those premiums as low as possible</p>	<p>In this double session, delegates will hear about the key findings from the HSL research and how this, combined with the PABIAC guidance, can assist paper mills in continuing to reduce the risk of Legionella exposure.</p> <p>The session will be led by HSE, with contributions from HSL, and Legionella control providers.</p>

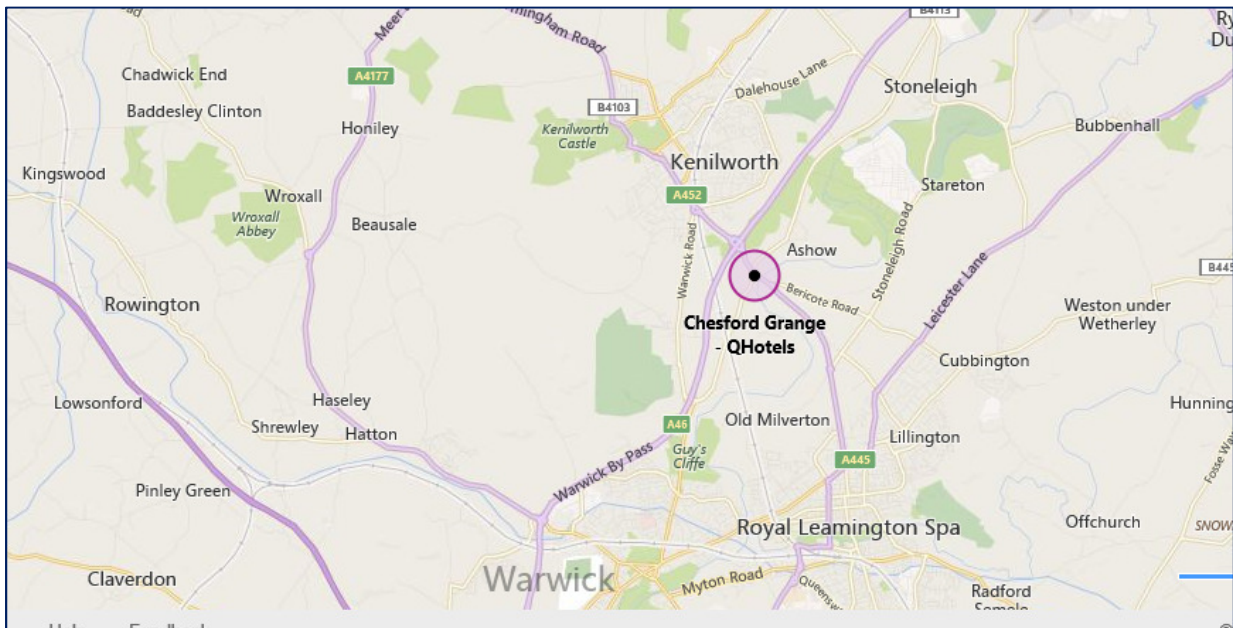

VENUE

**Chesford Grange Hotel
Kenilworth
Warwick
CV8 2LD**

Tel: 01926 859 331

How to get there

From the south

Leave the M40 at Junction 15. Follow the A46 towards Coventry and take the slip road signposted Kenilworth and Leamington Spa (A452). At the roundabout, take the right exit signposted Leamington Spa. Continue for 400 yards and follow the signs to the hotel.

From the north

At Junction 21 of the M1, follow the M69 towards Coventry and join the A45. Take the first junction off and join the A46 towards Warwick. Take the slip road signposted A452. At the roundabout, take the first exit signposted Leamington Spa and follow the signs to the hotel.

Nearest train stations

Leamington Spa - 8 miles
Warwick - 4 miles

Nearest airport

Birmingham International airport - 18 miles

Free Car Parking is available to all delegates, sponsors and exhibitors throughout the duration of the conference
