

# OVERVIEW OF THE IOSH AAG SURVEY RESULTS 2021

Prepared by Dr Nektarios Karanikas

Committee member of the IOSH Aviation & Aerospace group

10 September 2021

# WHAT ARE YOUR REASONS FOR BELONGING TO THE IOSH AAG?

Reason	Median (order of preference)
Enhancing knowledge and keeping you up-to-date with subject areas relevant to Aviation and Aerospace	1
Building your network and connections	3
CPD support to maintain IOSH status	3
Increasing career progression/prospects	4
CPD support to progress through IOSH membership level(s)	5
Contributing to group activities (e.g., share cases studies/results, host member visits, comment on group-generated documents)	5

# WHAT SUBJECT AREAS WOULD YOU LIKE AAG FUTURE EVENTS TO FOCUS ON?

Subject	Median (preference)
Accident/Incident/Near miss investigation models/tools/techniques etc.	3
Audit/findings principles and management	6
Evidence/data/information gathering and its use in performance measurement and decision making	7
Dangerous and hazardous substance (storage/use/PPE and more aviation specifics like spray painting)	8
Airport management	9
Emergency response (including business continuity/interruption)	9
Human factors – cognitive (e.g., decision making, information processing, biases)	10
Fire safety	11
Electrical safety	12
Fatigue/shift/night working	12
Business language/communications skills	13
Driving	13
Ground safety	14
Risk management	14

Subject	Median (preference)
Human factors - Ergonomics (e.g., manual handling, vision, hearing)	15
Influencing culture and behaviour	16
Integrated SMS – Security, HSE in aviation (pros and cons/tips and guidance for implementation/success)	17
Food safety	18
International HSE legislation	18
Lone working (issues and solutions)	19
Maintenance/engineering issues	20
Sharing lessons learned from near misses/incidents/accidents	20
Mental health	21
Occupational health surveillance for different roles, i.e., cabin/engineering/flight crew/ground staff/office based personnel	22
Safety performance and monitoring measurement	22
People management	23
Security	26
Supplier/contractor management	28
Working at height	29

HOW WOULD YOU LIKE THE AAG TO DELIVER INFORMATION TO YOU/FUTURE EVENTS TO BE DELIVERED?

Reason	Median (order of preference)
Webinars	1
Conferences	3
DVD and online video clips	3
Enhanced website provisions (newsletters, social media posts etc.)	3
Site visits	4

## ADDITIONAL TOPIC REQUESTS

Safety factors in  
basic and adjusted  
insurance  
premiums

Middle East Airport  
safety events and  
management

Air Traffic  
Management

Guidance material  
on audits

UK & EU REACH  
Regulations

Military aviation

Offshore oil rigs  
transport and  
evacuation safety

Environmental  
protection and  
management in the  
aviation context

# IMPROVEMENT POINTS

More inclusive member  
and expert  
engagement/involvement

Regional  
subgroups/networks  
feeding to AAG

More details about topics

More sharing of best  
practices

More online presence,  
networking  
opportunities, online  
interactions and  
updates/communication.

Transfer CPD points  
directly to individual  
profiles

Sharing of job vacancies

# PROPOSED CASE STUDIES

Management commitment  
and employee  
encouragement

Compliance with  
international standards

Behaviour maturity  
assessment and outcomes

OSH incentives and safety  
culture through bottom-up  
communication

Fire incident investigation

Cut-off Saw Accident-  
Concrete blade segment  
loss

THE IOSH AAG GROUP THANKS ALL  
THE MEMBERS WHO PARTICIPATED IN  
THE SURVEY
