## About IOSH

The Institution of Occupational Safety and Health (IOSH) is a global Chartered body. The largest membership organisation for health and safety professionals worldwide. We connect our members with resources, guidance, events, and training, and we're the voice of our profession, campaigning on issues that affect millions of working people.

As a qualifications Awarding Organisation, a developer of training, and an advocate for positive transformation, we seek to build excellence in our profession, drive action from everyone who can influence occupational safety and health standards and ensure that protecting people is at the heart of sustainability.

IOSH was founded in 1945 and is a registered charity with international NGO status.

## About IOSH Training

IOSH Training is the specialist learning delivery arm of IOSH Services Limited (ISL). ISL is a separate commercial entity that invests for the future, generating a surplus which is fully gift-aided to fund IOSH charitable activities.

ISL activities are aligned to IOSH's charitable objects, providing training, education and consultancy support services to organisations and individuals seeking to enhance their knowledge and competence in OSH.
